

Make plans to attend

The 27th ANN Teaching and Learning Institute
March 21, 2021
Nashville, TN
in conjunction with

Participate in a full day of mathematics activities and reflection based on the Adult Numeracy Network Teaching and Learning Principles.

Visit our website at:
adultnumeracynetwork.org

AN **AFFILIATE** OF THE
**NATIONAL COUNCIL OF
TEACHERS OF MATHEMATICS**

The views expressed or implied in these materials, unless otherwise noted, should not be interpreted as official positions of the NCTM.

We are a community dedicated to quality math instruction at the adult level. We support each other, we encourage collaboration and leadership, and we influence policy and practice in adult math instruction.

POLICY

We are the Adult Numeracy Network - adult educators, researchers, administrators, and professional developers interested in sharing the joys, challenges, and insights of teaching and learning important math and numeracy skills for adults.

We have established ourselves as an affiliate of the National Council of Teachers of Mathematics (NCTM), the Coalition on Adult Basic Education (COABE), Adults Learning Mathematics-An International Research Forum (ALM), and the National Coalition for Literacy (NCL). These affiliations allow us to serve as a bridge between the fields of mathematics education and adult education, learning from and informing groups while we strengthen the base of our own organization.

SUPPORT

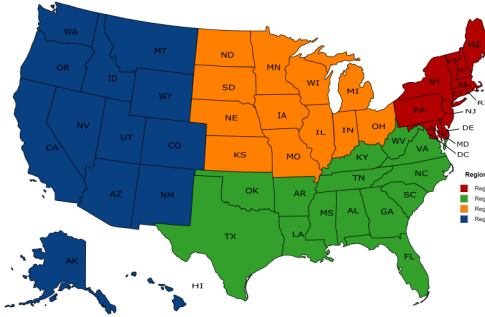

ANN Membership offers:

- Opportunities to contribute to a national community of adult numeracy practitioners
- An annual pre-conference with a sponsored strand at the national COABE Conference
- Support of Practitioner Research
- *The Math Practitioner* Newsletter which includes:
 - ◊ The latest in adult ed math news
 - ◊ Samples of successful exercises, lessons and teaching practices
 - ◊ National & Regional conference updates
 - ◊ Research information
- A nationwide professional network that provides a forum for professional development and an avenue of support for efforts to improve standards in adult numeracy

COLLABORATION & LEADERSHIP

Need support in improving math instruction for adults in your area?
